*DCC Deluxe
Commercial Cap*

DCC Aluminum Truck Caps *Heavy duty, rugged fleet friendly models for light, and medium-duty trucks*

The DCC is designed for on-the-job professionals and built with commercial grade materials.

- Premium, lightweight aluminum for structural strength and corrosion resistance
- Hard working, heavy-duty TIG welded super-frame
- Aluminum innerskins standard on side toolbox doors
- Commercial grade stainless steel drop T-handles with locks
- Available wedge and hi-rise models often reduce operating costs by increasing cargo capacity up to 36"
- A wide selection of options to fit any application
- **THULE** and **DEWALT** racks are available on all models

LEER Storage Solutions

*Choose the rugged
48" or 60" lightweight
adjustable divider
system that fits your
storage requirements.*

*LEER's storage solutions are
constructed with durable,
aluminum extrusions and
laminated shelving. Inclined
shelves keep parts organized.*

*180CC Fiberglass
Commercial Cap
(Shown with optional painted side access door, Thule® Aero Bar with Load Stops)*

Fiberglass Commercial Truck Caps *Great looks and durability for every fleet*

Fiberglass caps work hard and look great with commercial grade durability and aerodynamic styling.

- Reinforced commercial truck caps provide structural durability under the toughest conditions
- Dupont automotive paint is standard
- Optional galvanized, side tool boxes can be configured with shelves, dividers and rubber mats
- Optional solid fiberglass tool box doors with drop T-handles and 3 position locking mechanism
- A wide selection of options to fit any application
- **THULE** and **DEWALT** racks are available on all models
